

HEAT PUMP MODELS: 3.5GF and 5.2GF

vogue **TITANGOLD*** Heat Pump

ECONOMICAL INVERTER TECHNOLOGY

Up to 3.7kw of heating or cooling for every 1kw of power.

ULTRA QUIET

Great for bedroom, office and lounge environments.

TITANGOLD* TECHNOLOGY

TiO₂ Coated Evaporator and Condenser.

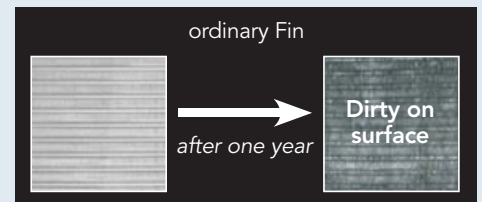

- Reduces fouling, dirt, bacteria;
- Corrosion resistance;
- Longer life, lower maintenance, enhanced efficiency over time.

4 FUNCTION

- Heats in winter
- Cools In summer
- Dehumidify / Drying
- Fan / Air Circulation

3.5GF suits a room up to 6 x 5m at 2.4m stud

5.2GF suits a room up to 8 x 6m at 2.4m stud

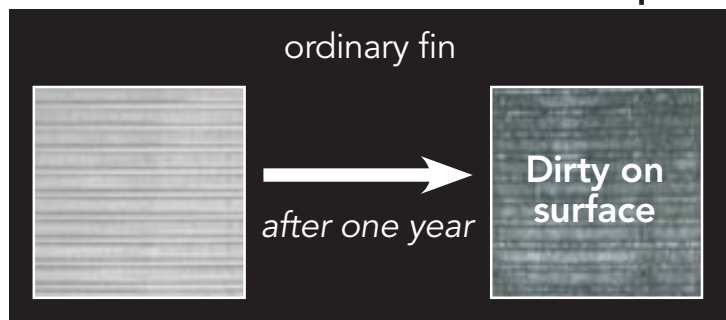

New
TITANGOLD*
technology

***TITANGOLD** - TiO₂ Coated Evaporator and Condenser

Corrosion Resistance plus significantly reduces dirt and bacteria build-up. A much longer life, lower maintenance, enhanced efficiency over time and bacteria resistance compared with traditional uncoated units.

TITANGOLD compared with an ordinary fin

Vogue inverter heat pumps are perfect for all year round use. Whether it's a wet winter or a hot humid summer, a Vogue inverter heat pump produces an ambient dry temperature all year round.

All Vogue Inverter Heat Pumps using **TITANGOLD** technology will save you money for longer. The **TITANGOLD** (TiO₂) coated evaporator and condenser is corrosion resistant and creates a smooth durable surface. This will ensure the unit is operating at a continual high efficiency for up to 8 years. And as a result it will reduce dust and bacteria buildup.

ENERGY SAVINGS FOR LONGER

All heat pumps lose efficiency over time, but **TITANGOLD** technology reduces this efficiency loss over time. Combining that with inverter technology, our 3.5kw model will provide you with 3.7kw of heating or cooling for every 1kw of power.

HEALTHY HOME

Vogue inverter heat pumps combined with **TITANGOLD** technology effectively filters dust, mould spores and pollen making your home drier with cleaner air. Vogue heat pumps will draw moisture from heating and/or cooling modes, so in the winter they draw moisture from the home, and in summer they draw moisture from the air. This is great news for allergy sufferers and asthmatics.

Choosing the right heat pump

The more open planned the area the more effective the heat pump is i.e. single unit heat pumps can not heat and cool a three bedroom home, they are designed to heat / cool the room / area they have been installed into. As a rule heat pumps work on 10m² per 1kw based on a 2.4m ceilings.

SPECIFICATIONS OF VOGUE HEAT PUMP 3.5 AND 5.2kw

MODEL NO.			VHP3.5GF	VHP5.2GF
Control type			remote	remote
Rated cooling capacity	W		3182 (1000-4200)	4846 (1800-5700)
Rated heating capacity	W		3276 (1100-4500)	5121 (1800-6500)
AEER for cooling	W/W		3.760	3.290
Energy star for cooling			3.0	2.0
ACOP for heating	W/W		3.750	3.290
Energy star for heating			3.0	2.0
Moisture removal	Litres/h		1.2	2.0
Indoor sound pressure level	High	dB(A)	42	48
	Med	dB(A)	38	40
	Low	dB(A)	32	34
Outdoor sound power level	dB(A)		55	56
ELECTRICAL DATA				
Voltage Range	V		165~265	165~265
Rated Current	Cooling	A	835 (270-1300)	1459 (500-2100)
	Heating	A	861 (290-1400)	1542 (500-2350)
Rated Input	Cooling	W	3.8 (1.2-5.9)	6.7 (2.3-9.4)
	Heating	W	3.9 (1.3-6.3)	6.9 (2.3-10.5)
Max current cooling/heating	A		5.9/6.3	9.4/10.5
Max input cooling/heating	W		1300/1400	2100/2350
CONNECTIONS				
Connecting pipe	Gas	Inches	1/2"	1/2"
	Liquid	Inches	1/4"	1/4"
OTHERS				
Net dimensions (W x H x D)	Indoor	mm	898x280x200	1033x313x202
	Outdoor	mm	760x552x256	820x605x300
Net Weight	Indoor	kg	11	13
	Outdoor	kg	34	40

INSTALLATION AND MAINTENANCE:

- All Vogue heat pumps must be installed by an accredited installer (see your sales person for a list of installers).
- All accredited installers will have the necessary experience and equipment to get the job done right, first time.
- All accredited installers have the experience to ensure you have the right heat pump installed in the best possible place, to ensure you get the best experience from your Vogue heat pump.
- As your Vogue heat pump is mechanical you must maintain it. Servicing is required every 12 months to ensure you get the best performance from your Vogue heat pump. Speak to your installer about your maintenance programme.
- When your Vogue heap pump is installed and maintained by the accredited installer, you are offered a full 3 year installation warranty against defective manufacturing.
